G. Sai Gautham

Hyderabad, Telangana | saigoutham144@gmail.com | +91 8688215107 | LinkedIn | GitHub

Summary

Engineering graduate with strong interest in software quality and automation testing. Hands-on experience in web development and end-to-end UI test automation using Playwright. Passionate about building reliable, scalable applications and validating them through structured test automation. Strong analytical and problem-solving skills with academic and project achievements.

Technical Skills

Web Development: HTML, CSS, JavaScript, React, Django

Programming Languages: C, JavaScript

Test Automation: Playwright, End-to-End Testing, UI Automation, Automation Framework Design

Testing Concepts: Test Case Design, Smoke Testing, Regression Testing, Functional Testing

Databases: MySQL

Core CS Subjects: Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks

Version Control & Tools: Git, GitHub

Projects

Playwright UI Automation Framework GitHub

Developed a complete end-to-end UI automation framework using Playwright and JavaScript for a web application. Automated critical user workflows including authentication, form submissions, validations, and navigation flows. Implemented Page Object Model (POM) for maintainability, cross-browser testing, reusable test utilities, and structured test reporting to reduce manual regression effort.

Django Multi-Vendor Restaurant Management System GitHub

Developed a full-stack multi-vendor restaurant management system using Django, HTML, CSS, and JavaScript. Implemented vendor dashboards, order handling, and table booking features with a responsive UI and structured backend design.

Temperature Converter GitHub

Built a real-time temperature conversion tool using HTML, CSS, and JavaScript with instant unit validation and conversion logic.

Research Paper

Django Multi-Vendor Restaurant Management System - Published in IJSREM (Jan 2025). Focused on automating restaurant workflows including reservations, menu handling, and system scalability using Django and MySQL.

Education

Guru Nanak Institute of Technical Campus - B.Tech (CSE - IoT) 2021-2025
CGPA: 6.3

Little Flower Junior College - MPC 2019-2021

Achievements

Top 2 - GDSC Cloud Computing (Campus Level)

Top 5 - Coder's Clash Coding Competition
